

Dates to Remember

July 1, 2001

Open house, trade show,
Fireworks and just some old
fashion fun

Poker Run ??? When the
wind dies.

Don't miss the July 1st fireworks display

Commodore's Report

Commodore's report, June 2001

To look at the temperature you wouldn't know summer is near, but hopefully the wind will drop below gale force and the thermometer will rise to acceptable levels for the remainder of the season.

Since the season start our new staff have been hard at work learning the ropes of our club. Many improvements have been achieved and many are in the works or yet to be tackled. Terry (steward) and staff have made service a priority and this is evident by hours of operation for the upper deck alone. I appreciate your patience and support shown to our team to date, and if you are happy with the way things are going, tell them! if not tell me, I welcome the opportunity to discuss how we can improve.

A wide array of issues have been completed by your Board of Directors including many social events of which the weather managed to scuttle, activities such as the Work Bee, poker run(s) among the wreckage. Undaunted we remain on course, although it may be into more headwinds, with more poker runs, dances, bar b ques and the event to end all events, Canada Day, where the parade, open house, sport and rec show will be capped with the fireworks extravaganza. If you have a desire to assist the busy team setting up these events contact the chairperson or any Board member.

Expansion has encountered a few storms of its own, but we continue to investigate options to improve the club and our members, meanwhile we work on our infrastructure to maintain what exists and improve where we can with the finances in place.

A drink on the deck, a wave on the water or a friendly chat on the dock, I always look forward to meeting you all to talk about the day, the weather, events, ideas or whatever comes to mind at the time. Smooth sailing and the pride of being a member of a great organization are all we can hope.

Take care of family, friends and the club we enjoy!

Dean Ranford

Commodore of the Regina Beach Yacht Club, 2001

Mooring Committee	4
Social Committee	4
Waiting List	5

I have but one request, **TransGas** and **Sask. Energy** have an on going program called "**SHARE THE WARMTH**" and with **TransGas** sponsoring part of the show we need to show our appreciation and bring a piece of warm clothing and donate it to a great undertaking. I understand the clothing does not have to be new but in good, clean condition. Maybe if we give a little warmth (remember last January) the sun will shine down on us July 1st.

The Poker Runs have run into some rough weather. Two dates have had to be cancelled due to bad weather. A new date will be set and hopefully - third time lucky.

Grounds Committee Report

One of the hardest jobs on the board is looking after the Grounds. When you look around the club you can see so many jobs and repairs it's hard to pick which ones should come first. The Grounds Committee have a tough time trying to stay inside a tight budget. Look around the Club and you can see the staff has been hard at work trying to spruce the old place up. There are a number of repairs on the to-do list and in time they will be finished and replaced with new repairs that "just have to be done".

When all is said and done the Grounds Committee tries to do a million dollar job while on a hundred dollar budget and I for one thank them.

Dave MacLoud, for personal reasons has resigned from the board and Chair of the Grounds Committee. On behalf of the Board and all members I would like to thank Dave for the time and effort he has put into the club.

Any member who feels they could fill Dave shoes please contact any board member or stop in at the office and leave your name. It is a hard job but rewarding.

Communications, Membership Committee Report

June 2001.

New faces are appearing around the club while old friends leave. We wish the very best to all our fellow boaters departing and a safe passage.

My job is to try and keep you up to-date with the events happening at the club. In the summer with all the action at the club one of the best ways to keep you informed is to *post* it at the club. Keep a *weather eye* around the club for notices about upcoming events.

Our web site seems to be working fairly well. I hope you enjoy the site www.rbyc.ca If you have not logged on, take a minute and have a peek. Any suggestion will be greatly appreciated. You can reach any of the members of the board through the web, just chose the appropriate director and click.

The Membership cards and Membership Interest Certificates are at the printers so will be available at the office in a short time. A notice will announce their arrival.

Keep in mind if you **change any information** on how the club can stay in contact with you **PLEASE drop the new data** off at the office. You could also contact myself at membership@rbyc.ca

Mooring Committee Report

New Numbering of the slips

We have assigned new slip numbers this year to help organize and streamline the moorage at the club. We hope to place the new numbers on the poles and docks in the near future.

Decals

The new decals can be picked up at the office.

Expansion

The board has looked into expansion and at the present time feel expansion may have to be put on hold. The club has numerous pressing matters to look at before expansion can take place.

Waiting List

See page 5 for an updated list

Social Report by Craig Rogers

RBYS lights up the sky with fireworks!

What's a yacht club doing in the middle of the prairies? Come to the Regina Beach Yacht Club open house on the July 1st weekend and find out for yourself.

The RBYS was established in 1913, and is the oldest yacht club between Vancouver and Toronto. The dream of 4 people hoping to get a lease on water front land from the C.P.R. is now a highly active, community involved, private club with over 120 mooring slips and buoys, supplies such as gas, oil, ice, drinks and treats. We also have a clubhouse with washrooms, showers, games room and upper deck lounge and deck where you can eat, drink and enjoy the best view of the lake with family and friends. Located east of the main beach at the bottom of 2nd street east this is the gathering place for sailors and power boaters on Last Mountain Lake.

This year on June 30 and July 1, the club will hold its annual Canada Day celebration as part of the activities at Regina Beach. The RBYS "Open House and Recreation Show" will take place from 11:00 a.m. to 5:00 p.m. on both days and you can stroll about the club, see the facilities, view the many displays of boats, personal watercraft, hot tubs and much more. Children can have their faces painted or get a balloon figure by the "Street Culture Kids" while adults relax and enjoy refreshments in the upper deck lounge. When it's time to stop for something to eat or drink, burgers, hot dogs and beef on a bun will be available at the club. Kick back, relax by the water and enjoy the activities with the best view on the lake!

Dusk is when fireworks will light up the sky. The Regina Beach Yacht Club, with help from numerous sponsors, will end your perfect day at the beach with a spectacular over the water display of fireworks put on by Dave Todd of Prairie Sky Fireworks. For the past 15 years the club has sponsored the July 1st fireworks and this year will be the biggest and best ever! Choose a spot along the beach or join the many people who watch the display from their boats. This is truly a great ending to a perfect day at the beach!

**July 1st Canada Day Celebration at
Regina Beach event list**

Pancake Breakfast 8:00 a.m. to 11:30 a.m.

South Shore Elementary School

Sponsored by South Parent's Association

Waiting Lists for Berths

- Four waiting lists are maintained; one each for small, medium, large and extra-large boats. General and Honorary Life members can be placed on a waiting list by paying a non-refundable waiting list registration charge of \$100 at the time of registration which will be considered partial prepayment and applied to the rental fee when a berth becomes available. The priority of an application shall be determined by the date of receipt of the \$100 waiting list registration charge. Waiting lists shall be posted in the clubhouse.
- The \$100 charge applies equally to members who already have berths as well as those who do not. When a berth becomes available the member must purchase a Membership Interest (\$600) in order to occupy it
- A member currently occupying a berth who plans to purchase a new boat that is larger either in beam or length, even though it does not change from one size category to another (for example, an increase in the size of a medium boat from 17 feet to 19 feet), must check with the RBYC Mooring Committee to be sure it can be accommodated. Where a new boat cannot be accommodated in the present berth location the member will have to be placed on the appropriate waiting list to secure a larger berth.
- If a member does not wish to take a berth when the opportunity arises the member must go to the bottom of the list, in which case a new priority date will be set. The \$100 charge need not be paid again.
